THE NEW COLLEGE BITES THE DUST

Medical College of Virginia De-
feats Oponents By Score of
11 to 4.

WAS OPENING OF THE SEASON

Game Was Fast and Rooting for
Both Sides Spirited—The
Score in Detail.

By the score of 11 to 4 the Medical College of Virginia (the "old college") defeated the team of ball players from the University College of Medicine (the "new college") yesterday afternoon at Broad Street Park.

The game was witnessed by many students and a score of more of trained nurses. A few strangers were present to look at the medical men chase the sphere on the diamond.

The game, in reality, marked the opening of the base-ball season in Richmond, for it was the first to be played on the diamond here since the Brownies walked away with the pennant in the Twin City League of the year of 1935.

Hoskins did the slab work for the old college, and Leake, the erstwhile Manchester twirler, who has been dubbed by the University College of Medicine as "The Leake," was in the box for the aggression from the place where he works—on old bodies and other things.

The University College of Medicine sent Saunders, the backstop for the team, to the left in the first inning. He proceeded to kill a few microbes in the atmosphere around the rubber.

Leake followed and proceeded to bluff the horsehide good and hard. It sailed out into right garden, and after considerable chasing was brought back. The twirler was on the second sack. A passed ball and a wild pitch brought Leake over the plate. Byrd, on second, and Leake, after dumping one down to Hoskins, who threw him out at the initial bag. This was all the runs for the new school.

Contrary to base-ball rules and the custom of all teams, the Medical College of Virginia sent pitcher, Leake, to the plate and looked angry, and Leake gave him transportation to first. Clements, the man with six feet and about seven inches of perpendicular flesh, caught one of Leake's benders and straightened the twirler's arm in right garden.

Over which Summers was presiding at the time. Summers had the wristed cramp, and couldn't make down what was the matter with his glove. The sphere bounced away from him, and when he did get his mitt on it again, it was too late. Leake, in the mean-while, had spit the plate.

Jones, the chubby little backstop that was so much admired by several ladies who were working their voices in the box, sent a slider down to first, and Leake, after three or thereabouts, had pliffed the second sack, and came home on a fumble of the third sackman. Burke fanned the air after Clements had scored on a passed ball, and Simpson walked, but was nailed at second from the twirler.

Hinchman extended his muscles in swing, and after three or thereabouts, had pliffed the second sack, and came home on a fumble of the third sackman. Burke fanned the air after Clements had scored on a passed ball, and Simpson walked, but was nailed at second from the twirler.

The University didn't score in the second, but the Medical College of Virginia did business at the same old stand, and duplicated the three-run trick of the first inning by sending Hoskins, Clements and Leake across the bag. Some wild pitches in the fourth inning, together with a passed ball, gave the winning team another run, and again, in the following inning, they chalked down two more tallies. The sixth and the eighth innings gave them two other runs and the game was won and lost. Here's what it looks like:

CHICAGO FIGHTER TO MEET BRITT

KID HERMAN.

NEW YORK, March 22.—Kid Herman the rugged Chicago fighter has become a vigorous aspirant for championship honors. Herman and Jimmy Britt, of California, were practically matched last week to meet in a twenty round battle at the Pacific Athletic Club of Los Angeles, the second week in April. Britt has already signed the articles of agreement, and Herman has accepted the terms. He will affix his signature to them as soon as he arrives in Los Angeles. The pair will box at 133 pounds weighing in at 6 P. M. on the night of the contest.

GATHERING FOR BENNINGS RACES

Horsemen From All Directions
Sending Long Strings to
Washington.

GOOD PROSPECT FOR OPENING

Madden Stable Arrives and is One
of Best on Ground—Virginia
Horses.

WASHINGTON, D. C., March 22.—Carloads of horses are coming in almost daily for the opening of the Benning track, which opens next Monday. Good weather has favored the preparations for several days and the trainers have been hard at work.

Among the notable recent arrivals is the string of John B. Madden, which came in from Hamburg Place, near Lexington, Ky. This was the first division of the Madden stable to be shipped East, numbering twenty-eight head. The second division will include up of some fifteen or twenty horses, which will be shipped direct to Belmont Park.

This shipment is one of the best that has left Kentucky in several years, all of the horses being in perfect condition and well advanced in their preparation for the year's campaign. Two of the best horses in the party now quartered at Benning are Vendor, winner of the Eclipse and Valdorf stakes of last year, and Dandelion, winner of the Grand Consolation at Benning last fall a year ago, and of the Travers Stakes at Saratoga last summer. Both are owned by Mr. J. R. Hitchcock and are in the Benning Handicap, Dandelion at 125 pounds and Vendor at 115 pounds.

On account of the rather severe weather in Kentucky for a week or two it is doubtful whether Madden has one of his horses ready for the first running of the handicap, but it is not improbable that he will be represented in the second race of the stakes, which will be run on the last day of the meeting.

The First Handicap.
Supt. Thomas Strahan predicts that the field which starts in the first Handicap Monday will be first class, and he looks for as big a crowd as ever helped to usher in the racing season here. The bad weather recently probably did not hurt any of the horses, which were surely counted upon to accept the issue. Trainers took ample advantage of opportunities for successful training offered by the uncommonly mild weather of the past few days.

From present indications, the Benning Handicap field will include August Belmont's Lord of the Vale, who weighs 123 pounds, and Mount Henry, Henry T. Oxnard's Marjoram and Bohemia, Orville L. Richards' Race King, O. W. Deppeler's The Cure, Maurice L. Haymond's Albenberg, Bill Calver's Vantage and Warren W. Maupin's Pater. George Brown, Jr.'s The Clown, J. L. Hayman's Brush Up, and James McLaughlin's The Post.

There are many other likely eligibles, some of which have not yet been named, but much all winter in the South and West, and the field may be enlarged.

Virginia Horses.
Last spring, when he got to Benning, Billy Garth regarded T. S. Martin the best two-year-old in his barn. Martin is owned by W. L. Maupin, of the county of Loudoun, and he was named for the junior Senator of the Old Dominion. If the horse known to fame as Pater had shown better as a yearling than this horse he would have borne the name of T. S. Martin.

From Benning last spring a higher regard for T. S. Martin than he did for Pater, but he entertains no longer. Pater clearly outstrips his stable mate last summer, and trainer Maupin is confident that he will take more kindly to racing over a distance of ground than to the hurly-burly of three-quarter sprints.

NELSON TO FIGHT HERRERA IN WEST

Match As Good As Made to Oc-
cur in Los Angeles in
May.

MEXICAN VERY CONFIDENT

Says He Will Knock "Battler"
Out Before Bout Has Gone
Three Rounds.

(Special to The Times-Dispatch.)
LOS ANGELES, March 22.—Battling Nelson and Aurelia Herrera will cross arms in a battle for the lightweight championship of the world before the Pacific Coast Athletic Club at the Los Angeles Coliseum.

In this city. The match is as good as made, the terms having been practically agreed by the fighters and their managers. Herrera, full of confidence, says he'll knock Nelson out before the bout has gone more than three rounds.

Only the signing of the forfeits and the signing of articles now remain to make the battle a surety. Manager McCarey, of the Pacific Coast Athletic Club, when seen to-day, said he was ready to meet the demands made by Billy Nolan, the boxer's manager, and would communicate with the former and satisfy him that the bid of the club was the best Nolan could get. He says the bout here will draw well, and that there will be no fight in it for the club, even with the fighters getting as large a guarantee as \$200.

McCaray has not yet decided when the battle will be held, but favors the early part of middle of May. Herrera has already signed articles with McCarey, and is ready to stand for any division of the purse Nelson demands.

Bender Outpoints Feliz.
(Special to The Times-Dispatch.)
NEW YORK, March 22.—Bender, who recently added another mark to his credit by defeating Tommie Feliz, the star bout at the stage of the Consolidated A. C. in West Forty-second street, last night, after being kept after his man all through the three rounds and at the end Feliz appeared tired.

In the first round Bender boxed cautiously, but he soon found that Feliz could not hit him, so he went in and fought at close quarters. Several times he hanged his opponent up against the ropes. Tommie's face staggered the latter.

The next two rounds were slam-bang affairs. Bender doing most of the work. Feliz, who was able to hit by the punishment that rivalled that of Joe Grim, but Bender was unable to land a sleep-producer.

A semi-windup between Kid Stein and "New York Jack O'Brien" was one of the best exhibitions of the evening. Both are strong men and hard punchers and both are in the prime of their powers. Stein had a shade the better of the first two rounds, but Dor-man landed the cleaver blow.

In the third round both tried hard for a knock-out. Stein put over some heavy wallop, and just as he was about to land a hard one he was hit and sent him to the floor for the count. When Stein arose he fought fast and landed a hard chop on O'Brien's nose. The latter had a shade the better of the fight.

Jimmy Hagad knocked out Charlie Tellman in the second round of what appeared to be a struggle. Both boys had friends in the audience, and they kept up a continual racket while the boys were fighting.

O'Rourke a Bankrupt.
(Special to The Times-Dispatch.)
NEW YORK, March 22.—A petition in bankruptcy was filed yesterday in the United States District Court at New York for the Irving Company against Thomas P. O'Rourke, who is probably the best known prize-fight promoter in the country. It is alleged that he owes \$5,000, secured by a chattel mortgage on the fixtures of the Hotel Delavan, at Fortieth street and Broadway. The hotel was in business until last November, when the executors of the late Thomas P. O'Rourke, who was a partner in the hotel, were unable to pay the mortgage.

The hotel Delavan, where O'Rourke was in business until last November, was the rendezvous of sporting men and those who knew their Broadway well after the sun had set.

Home for Automobile Club.
(Special to The Times-Dispatch.)
NEW YORK, March 22.—The laying of the corner stone of the new home of the Automobile Club of America took place yesterday afternoon. The clubhouse is being built on the north side of Fifty-fourth street, between Broadway and Lexington avenue. A good-sized crowd of club members and their friends was present. The ceremonies were simple and brief, lasting only twenty minutes.

DEALS HANGING ON THE STRING

Real Estate Transactions That May Come to Light at Any Moment.
There was something doing in real estate yesterday, but the agents are very reticent. It is evident that something big is up, and it need not occasion any surprise if one or more of the biggest deals of the season shall come to light within the next few days.

There is continued inquiry for East Broad Street property, east of Twelfth, and there is a hint to the effect that two or three pretty heavy transactions are in the making and almost ready to drop in the basket.

Of course, there is inquiry for Lee District and West End property, and sales are being made, but the agents are not ready to tell about them yet.

Messrs. Pollard and Hagby have sold for Mr. Frank T. Anthony a lot on the south side of Monument Avenue, between Lombardy Street and Allen Avenue, for \$200 per front foot. Mr. R. B. Wilson was the purchaser, and he expects to build on the lot.

Messrs. A. A. Connelly and Company yesterday when he refused to answer certain questions put to him in Saratoga, last summer by a commissioner appointed to take testimony in the suit for separation brought by Mrs. Madden. Mrs. Connelly was sentenced to a term in jail, and left New York State. Recently his lawyers secured a modification of the penalty, and to-day's proceedings resulted.

Two street peddlers in Bradford, England, bought a horse for \$11.35. It was killed by a motor car one day and the owner of the car paid them \$11.35 for the horse. Thereupon, a new industry sprang up on the roads of England.

MADDEN PAYS FINE.
Apologizes to Court and is Purged of Contempt.
(By Associated Press.)
NEW YORK, March 23.—John A. Madden, the Kentucky turfman, appeared before the Kentucky Supreme Court, Brooklyn, to-day, and by public apology and the payment of a \$250 fine, purged himself of the contempt in which he was adjudged when he refused to answer certain questions put to him in Saratoga, last summer by a commissioner appointed to take testimony in the suit for separation brought by Mrs. Madden. Mrs. Madden was sentenced to a term in jail, and left New York State. Recently his lawyers secured a modification of the penalty, and to-day's proceedings resulted.
